

New Payer ID List User Instructions

Infinedi has released another version of our [website](#) that includes a new **payer list** located under the **SERVICES** tab on our homepage.

The screenshot displays the Infinedi website homepage. At the top left is the Infinedi logo with the tagline "ELECTRONIC DATA INTERCHANGE". To the right is a "Q-Services Login" section with input fields for "user name" and "password", and a "LOGIN" button. Below the logo is a horizontal navigation menu with tabs for HOME, SERVICES, ENROLLMENT, TRAINING, HIPAA, NEWS, DOWNLOADS, ABOUT, CAREERS, and CONTACT. The "SERVICES" tab is highlighted. On the left side, there is a vertical sidebar with numbered tabs 01 through 05. The main content area features a "Services" header, followed by three sections: "VIC Processing VISUALLY INTEGRATED CLAIMS", "E-STATEMENT Processing", and "Q-SERVICE Tools". To the right of these sections is a "TECHNICAL SUPPORT SERVICES" box with contact information and an "I-REP PROGRAM" section with a map of the United States. On the far right, there is a "Payor Lists" section with a "SEARCH" button. Two arrows point from the text above to the "SERVICES" tab and the "Payor Lists" section.

The new payer list offers many different ways to search, sort or filter the information to help make your job easier.

This [new payer list](#) will provide more details and information specific to proper routing of claims to both Commercial and Workers Comp Payers. Our payer list may contain payers more than once. This is to insure that you have the option to route your claim to Workers Comp (*with or without attachment*) or to Commercial payer. (*Keep in mind the fee structure is different for claims with attachments. Contact Infinedi for enrollment*)

Traditionally, Infinedi has always matched on payer name and address for purposes of claims routing. Infinedi will now be able to match on Payer ID.

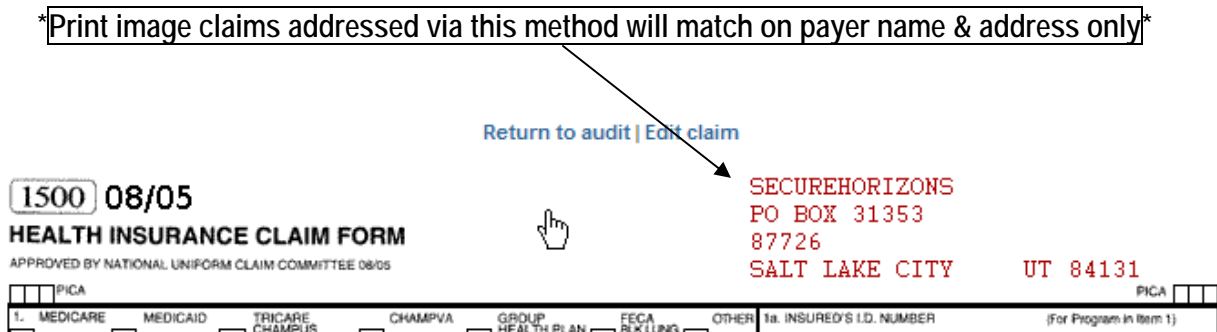

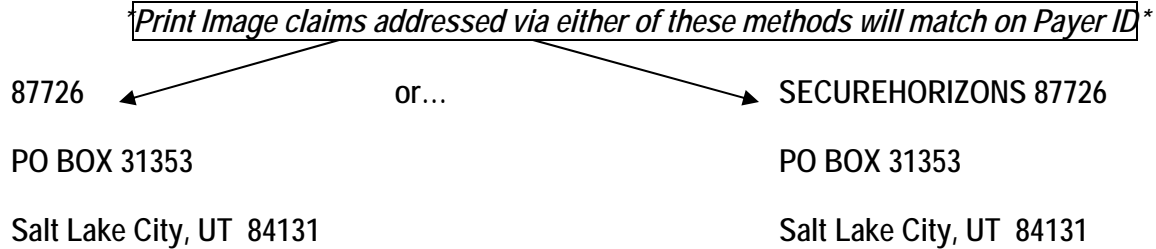

Payer ID Matching – Implementation Schedule

- Worker's Comp claims will be matching on Payer ID as of **November 1, 2010**.
- State and National Payers will begin Payer ID Matching as of **November 15th, 2010**. (*claims will continue to match on payer name and address until phased in*)

Providers Submitting Claims in Print Image Format

Example:

Submit payer ID from our [new payer list](#) or Submit payer name followed by a space or forward slash and the payer ID.

Both methods of addressing print image claims will route claim to correct payer. Claims received without a payer ID will continue to be matched on payer name and address.

Clients Submitting Claims in ANSI 837 Format

Include the payer ID from our list in Loop 2010BB and Segment NM109.

Payer address is not required on ANSI claims as long as the payer ID is in the correct Loop/Segment.

Please make appropriate changes to payer IDs and or payer names in your Practice Management to match our new payer list.
